

SCHUMANN Consortium - Expression of Interest Questionnaire

Please submit the completed questionnaire to schumann@spaceaplications.com or via this by the 4th of October 2024 to be considered for participation. Thank you for your interest in contributing to the SCHUMANN initiative.

Company name Contact person Email Website Briefly describe your key products and expertise relevant to the context of a New Space ecosystem through modular spacecraft and standardization, as well as your motivation to participate. 2. Testing Scope Briefly describe the Functional Spacecraft Modules (FSMs) you propose to test, including their key specifications, intended functions and any relevant design features (up to 3): 1. 2. 3. Budget Estimate Total estimated cost for testing all proposed FSMs, given a baseline of 30 hours per FSM (rough order of magnitude) 4. Confidentiality Please indicate if a Non-Disclosure Agreement (NDA) is required: NO NDA required NO NDA	1. Company Details
